Thank you for buying Pixelo So Sweet! Before you start playing, make yourself comfortable on a table or other flat, rigid and clean surface and take all the elements out of the box. Read the instructions carefully with an adult so that you can make your most beautiful creations with dotted effects!

How to use your Pixelo and realize your creations?

1. Choose an illustration.
 2. Take the marker of your choice and remove the cap.
 3. Insert the tip of your felt into the end of your Pixelo (Visual 1), then snap it into the top part (Visual 2).
 4. Hold your Pixelo like a pen (Visual 3).
- It's on! You can start coloring.**
5. To change felt when drawing, pull the felt away from the top of the Pixelo (Visual 4), and remove it from the end (Visual 5). Then repeat steps 2 and 3.
 6. Colour your illustration as you wish.

Wow, you're becoming a real artist!

When you're done drawing, place the caps back on all the markers so that they don't dry out.

Tip: you can also use the markers in the traditional way to finish coloring your illustration.
